## Rati Gvazbaia

## Front-End Developer

I have been working in the Digital Government Agency serving the Ministry of Justice of Georgia as a Senior IT Support for over 5 years. One of my most notable achievements there was helping to develop our website https://dga.gov.ge using my knowledge in JavaScript, HTML, and CSS, which I had obtained in the Academy of Digital Industry. In the course of my studies, I studied the principle of the site, its modern structure, engine, tools, libraries and programming languages. With my skills, I am able to build a web site of any complexity. In my Github portfolio you can also see my projects. I am a highly motivated and detail oriented individual with a strong passion for software development and problem solving.

## **Eployment**

# O 2020- Present Ministry Of Justice Of Georgia
